

4-6th April 2010

Over the Easter 2010 holidays DVR presented to the public a small photo display at the 2010 Hobson Bay Model Railway Club's model railway show. It was a small display with one of our ZL's on a small bit of track. It was our first showing at the exhibition which prides itself on Australian Trains as it's theme. We were made very welcome and I noted many DVR members came to the show to see it for themselves.

Thanks goes to Jeff Uran, Mick Churchly, Andrew Webb, Matt Scott & David Head
